Level 2 Certificate in The Principles of Dementia Care

Course overview

A new case of dementia arises somewhere in the world every four seconds. Dementia not only affects the individual themselves, but can also devastate their family, friends and entire lifestyle.

Whether you are looking to start or develop a career in the care industry, or you simply want to know more about dementia for personal reasons, this course is the perfect place to start, as it explores crucial elements of the different types of dementia. The knowledge you will gain from this course could help you care for a friend or relative with dementia and raise your understanding of their needs and behaviour.

Level 2 Certificate in The Principles of Dementia Care

Who is suitable?
