Introduction

What is the Herefordshire Three College Year 10

Taster Morning?

The taster morning has been put together to provide you with an opportunity to experience what it would be like to study at these Colleges.

What is in this booklet?

This booklet contains a list of all courses being offered as taster sessions by the different Colleges on the day. Please take time to read through and make yourself familiar with all that is being offered.

What will happen on the day?

10:00: Introductory talk

10:15: Taster Session One

11:25: Orientation & Break

11:45: Taster Session Two

12:55: Evaluation

13:15: Event Close

Can I wear my own clothes?

Yes! We expect students to turn up in their own clothes. For some courses you may be asked to wear or bring suitable footwear or clothing for particular taster sessions. Further details will be given to you after you have made your choices.

Art & Design
Fashion Design (<i>An opportunity to look at this very popular creative industry and experiment with drawing and collage</i>)
Ceramics (<i>Experiment with clay. This 'hands on' workshop takes place in a specialist Ceramic Studio and participants produce a piece of clay artwork</i>) Please wear closed toe shoes.
Fabric printing (<i>Print a bag. This workshop teaches participants how to screen print a design onto a bag in the specialist Textile Studio</i>) Please wear closed toe shoes.
Photography (A hands on workshop exploring digital photography skills and techniques using modern DSLR cameras)
Digital Animation (Digital 2D animation and rotoscope. This workshop looks at a variety of animation techniques using Adobe Photoshop CC)
Graphic Design (<i>A look at the many aspects involved in this exciting field producing graphic images</i>)
Painting & Drawing (<i>Participants will engage in a painting and drawing session learning new techniques in a dedicated studio</i>)
Metal Sculpture workshop (<i>Participants will design and produce a piece of wire sculpture in the specialist 3D workshop</i>) Please wear closed toe shoes.

Hereford College of Arts

Please find below the options for the taster sessions being offered by Hereford College of Arts.

Please note: that all workshops last for one session, giving you the opportunity to experience another workshop.

Performing Arts
Strictly Come and Dance with Gillian (A session of movement and dance exploring the Musical Theatre dance style)
Musical Theatre Workshop (in this workshop you will use the 3 main attributes of Musical Theatre by delivering some text, singing and dancing to perform at the end of the session)
Page to Stage Workshop (This workshop will give you the practical skills you need to bring written pieces to life using performance)
Music
Song Writing Workshop (Join other young musicians in this specialised song writing workshop)
Digital Futures & Interactive Media
Go Digital! (Come and explore creative digital technologies and learn how to use them)

What do I need to do?

- Please choose four options that you are interested in studying after Year 11.
- If you are struggling to decide on which subjects to choose please approach your tutor / careers guidance member of staff for support and advice.
- Remember—it is important to choose those subjects that you really want to ‘taste’ rather than going for those that your friends have chosen, just so that you can be together.

Will I get to do the sessions I choose?

- During the day, you will get the opportunity to take part in two out of the four different options you have chosen. However.....
- Some of the sessions last the whole morning in which case you will only be able to ‘experience’ one — these are clearly labelled throughout so please take this into consideration when making your choices
- Please bear in mind though that many of the workshops have a maximum capacity of 15—20 students and you will be allocated on a first come first served basis.
- We will fit you in to two of your four choices.
- Where we are unable to accommodate you in any of your choices, we will contact you to discuss further options.

Other Information

The event is open to all year 10 students. Approx 1400 students will be attending. Event, College and school staff will be present during the day to assist you to ensure you have a great day experiencing college and all it has to offer.

Please find below the options for the taster sessions being offered by Herefordshire & Ludlow College. Please note that all workshops last for one session unless marked with an *. In this instance, the workshop will last the whole morning, taking up both workshop options. Please pay attention to what clothes and footwear you might need.

<p>Faculty of Technology - Folly Lane Campus Please note: all areas with the exception of Computing and Music Technology require you to wear strong shoes & clothes you can get dirty.</p>
<p>Brickwork - You'll be getting involved rolling mortar and laying bricks from the off-set!</p>
<p>Carpentry & Joinery - You'll be working with wood using hand tools that are common in industries such as Site Carpentry, Bench Joinery, Shop Fitting & Cabinet Making.</p>
<p>Electrical - Use a range of tools to wire, connect and energize a simple lighting circuit.</p>
<p>Engineering -manufacturing, electrical/electronics - A chance to understand technical engineering processes with a variety of activities including programming our state-of-the-art CNC milling machine to engrave your name into your work-piece as well as cutting and soldering.</p>
<p>Furniture - Try your hand at veneering & learn how to get into this creative industry.</p>
<p>Computing - Have a go at: Maze navigation with robot cars. Walk the plank in virtual reality. Try out games created by previous and current students. Sniff network activity using packet tracer. Solve the maze using python and break the code, follow the clues, find the prize – using cyber security.</p>
<p>Motor Vehicle - Try and win at the pit stop challenge, high-speed action on the rolling road, tyre changing and also wheel balancing with the latest laser technology.</p>
<p>Music Technology - Create the sounds that your favourite artists and DJs use in our Producer's Masterclass, learn how to record at a professional level and discover how the songs we hear are recreated in a Live Sound environment.</p>
<p>Plumbing - Learn all about becoming a plumber and what skills you'll need to make yourself a success in this productive industry, you can even learn the shaping skills to turn copper piping into your initials.</p>

<p>Faculty of Community Studies - Folly Lane Campus</p>
